To Connect Japanese Food Culture to the Future
All over Japan, there are good 「Food」 and their relating 「Culture」.
We combine those and inherit as a spirit to spread 「Japanese Food Culture」 to the world.
We call that old inherited spirit as 「Satoyama Spirit」.
The recipe originated from Satoyama Spirit mostly cares for natural ingredient itself and maximize its quality by seasoning or processing less.
We would gladly show you「Japanese Food Culture」 with the finest Sake and the ingredients from the wild nature graciously favored by four seasons.
The breakfast offers a choice of six main dishes, plus Japanese / Western buffet style.
We believe you would fully enjoy/experience the Japanese Food Culture we interpreted.
