PIZZA SALVATORE CUOMO YOTSUYA(Italian)【1F】

The pizzeria Salvatore popularised Neapolitan pizza in Japan and was Number 1 in the world pizza championship 'PIZZA FEST'. The symbol of the restaurant is the wood-burning kiln, handmade by one of the few kiln specialists from Napoli. This wood-burning kiln enhances the flavours and juiciness of the ingredients as well as the soft, moist textures of the pizza dough. Carefully selected ingredients ensure a delicious, healthy pizza. Everyone, from young children to seniors, can enjoy the dishes served at this restaurant. In addition to pizzas, a good selection of pasta, appetisers and desserts are available.

G7 CRAFT BEER HIGHBALL【B1F】

What's so great about G7 is that it avoids offering too many products, making it easy to choose from its range of unique craft beers, poured in a special manner to bring out the best of each brew. We also recommend the highballs created with whiskies from Japan and around the world, and our extensive menu of cocktails mixed along three themes: traditional, infusion and mixology.
